KEGITES CLUB

This is a wake up call to the children of Africa ! We are gradually abandoning all cultural values inherited from our ancestors to the warm embrace of foreign cultures. May our culture and values not go into extinction (Ase o)

To all chiefsis, fellowsis, opakas and opekes, I doff my cocoonut to all. I fire my 1 finger salute to all the kariables.

... As was vibrating before server jammed jankariworizm, it is written in the book of eglabalun, chapter manya.. no matter how long it takes a stammering pickin, he will call his father's nomenclature...that is to say sun kunmu sirannus, comradium has alika landa laka data gbossa for Indiana . Let all kariable soul a yonda ti ka dima fall in in August 15, we shall wawastik mendu for terrible medulla decodarization. Tree near tree nai make monkey jump..Remember when things fall apart, the center of epijamus must apply aradite or supper glue. Fellowsis shall answer their nomenclature while the ewu shall be made to meecheh. Menawaila, all comrados that refuse 2 interact and romance H2O may their daysis be long in the botanical gardens (mayan!)
